

CRG RACING TEAM

AUTOEUROPEO WILL RUN A TEAM IN MINI KART WITH CRG

For the 2019 season, it is strengthened the partnership between CRG and the Piedmont team

The collaboration between Massimo Bosetto's Autoeuropeo Motorsport and CRG, started this year with the participation to the national and international X30 trophies, will expand in 2019 including a program dedicated to the Mini.

The youth sector will be coordinated by **Nicola Rosso**, a very experienced technician in international karting and in the youth classes. The collaboration between **Autoeuropeo** and CRG will be very close on the Mini program from the technical point of view and the goal will be becoming a benchmark in this strategic class.

The program for the Mini category will include all the main WSK events and the Italian Championship, as well as the lame X30 championships. The Autoeuropeo activity in the youth sector will also include the OK Junior, continuing the program in the X30 categories.

For further information on the **Autoeuropeo Motorsport** programs, you can contact the team at: autoeuropeomotorsport@gmail.com - 339 232 2506
